FORSYTHE, Mon., April 26.—The strong hand of the law has reached out and seized the Montana army of the Commonweal. The army, 650 strong, came in here from the West at 10.45 las-night. Its leaders gave it out that the train would remain in Forsythe until morning. At 11.20, however, the engineer went to the round-house and proceeded to take out a fresh engine and prepare for the trip Eastward. In the mean time Col. Page, of Fort Keogh, had secured a special train and

was thundering down the road to meet the train-stealing contingent. He came into Forsythe shortly after midnight and found a large part of the Coxey army asleep in the box cars. The surprise was so complete that the Coxeyltes gave ip without e struggle. The troops left most of the men aboard the train and surrounded it. The

capture was effected by a company of 250 infantrymen. Nothing definite is known as to what will be done with the Commonwealers, but it is supposed eight or ten of the leaders will be taken back to Butte to-morrow, and the other men set at liberty. The Hogan army was so surprised a

COXEY'S OWN IN A ROW.

FREDERICK, Md., April 26.-The ommonweal army, after spending two ery peaceful days in Frederick, celeprated the eve of their departure by a free fight and shooting scrape last night. The army was depleted by four members, but no one was hurt.

At midnight a party of Hungarians, a part of the thirty-five recruits taken in here, who had been drinking during the day, came to blows around one of the camp fires. One man was knocked into the fire, but rolled out immediately, and pulling a pistol began shooting. The police, who had been posted near, to be ready in case of trouble, scattered the crowd, but captured only one man, who refused to give any name but "Jack the Ripper." He was sentenced under that name this morning to ten days in the workhouse. Three of the other men took to the woods and have not been

Ten of the mounted deputies escorted the party to the county line, and the Inde-pendent Drum Corps was also with them, playing "Maryland, My Maryland," while the Commonwealth band joined in at intervals.

NEW BRUNSWICK, N. J., April 26.—
The body of Anthony Prisco, who had an office in room 203 of the Stewart Building, New York, and lived at 302 Henderson street, Jersey City, was found, horribly mangled, on the tracks of the Pennsylvania Railroad at Dean's station, six miles from here, at 3.15 o'clock this morning.

How he met his death is not known. Coroner McDede believes he was robbed and his body placed on the track. Prisco was a client of Van Cleef, Daly & Woodbridge, lawyers, of this city, who say he was a wealthy and influential Italian who formerly lived in New York. He once owned a wholesale grocery store in Sullivan street.

His presence at Dean's station is explained by the fact that he had a farm there, which he occasionally visited. It is supposed that he intended to return the control of the package of letters in it and placed it on the top shelf of a closet in his room.

For the Fall meetings the following dates were agreed upon:

Coney Island Jockey Club, Aug. 18 to Sept. 5; Brooklyn Jockey Club, Sept. 8 to Sept. 29; New York Jockey Club, Oct. 1 to Oct. 15.

It will be noticed that each jockey club claims a full thirty days' of racing This leaves only thirty-six racing days for Brighton Beach and the New Jersey Jockey Club at Jerome Park. Should Brighton Beach also claim a full term, which they will most certainly do, there will be but six days left to Jerome Park.

Mr. Dwyer has already declared that he would not clash with any other association, but it is not likely that he will be satisfied with only one week's racing. He would barely clear expenses.

Mr. Dwyer has present at the meeting this morning, but it is not known whether he protested or not.

The Coney Island Jockey Club finally secured the plum over which there has been so much squsbbling. July 4 will be a gala day at that course, and besides the \$20,000 Great Trial Stakes, the Great Steeplechase Independence Stakes is announced to be run. The Suburban will be run on June 21, and the Realization (probable value, \$42,000 on July 7.

It will be noticed that one day, June 20, is dropped out of the dates. This is presumably to give horses racing at Morris Park a chance to move down to the Coney Island track before Suburban Day.

The dates are adopted subject to re-

The dates are adopted subject to revision in case the Monmouth Park Club is enabled to race at the Long Branch track. There does not seem to be one chance in a hundred for this to happen,
